Brief Description of Argument to be Presented:

The claims are directed to methods for identifying aptamer regulators, i.e.,
aptamers that facilitate binding of the target to a target partner. On the other hand,
Griffin discloses a method for selecting an aptamer that binds to a pre-existing complex.

An interview was conducted on the above-identified application on _____.

NOTE: This form should be completed by applicant and submitted to the examiner in advance of the interview (see MPEP § 713.01).

This application will not be delayed from issue because of applicant's failure to submit a written record of this interview. Therefore, applicant is advised to file a statement of the substance of this interview (37 CFR 1.133(b)) as soon as possible.
